1. Preuzimanje aplikacije

1. Za Android pametne telefone

Metod 1: Skenirajte QR kod pomoću čitača u pregledaču, preuzmite i instalirajte aplikaciju.

Metod 2: Otvorite Google Play Store na svom pametnom telefonu, potražite „Smart Life“, zatim preuzmite i instalirajte aplikaciju.

2. Za iOS pametne telefone

Metod 1: Skenirajte QR kod i pratite uputstva da biste ušli u App Store, zatim preuzmite i instalirajte aplikaciju.

Metod 2: Otvorite App Store na svom pametnom telefonu, potražite „Smart Life“, zatim preuzmite i instalirajte aplikaciju.

Napomena:

Molimo omogućite dozvole za Skladište/Lokaciju/Kameru za ovu aplikaciju prilikom instalacije. U suprotnom može doći do problema u radu.

2.Registracija naloga

1. Ako nemate nalog, dodirnite taster „Log in with Password“.
2. Dodirnite taster u gornjem desnom uglu „Register“.
3. Unesite svoju e-mail adresu i dodirnite taster „Get Verification Code“.
4. Unesite verifikacioni kod koji ste dobili putem e-maila.
5. Podesite lozinku sa 6–20 karaktera, uključujući slova i brojeve.
6. Dodirnite „Done“.

3. Prijava na nalog

1. Dodirnite „Log In“.
2. Unesite svoj registrovani nalog i lozinku.
3. Dodirnite taster „Log in“.

Ako ste zaboravili lozinku ili želite da je resetujete, postupite na sledeći način:

4. Dodirnite „Forgot password“.
5. Unesite svoj nalog (e-mail adresu) i dodirnite taster „Get Verification Code“.
6. Unesite verifikacioni kod koji ste dobili putem e-maila.
7. Podesite novu lozinku i dodirnite taster „Done“.

4. Kako povezati pametne uređaje

Postoje dva načina za dodavanje uređaja.

1 – Bluetooth režim

1. Uključite unutrašnju jedinicu, pokrenite klima uređaj i uključite Bluetooth na svom telefonu.
2. Resetujte uređaj na jedan od sledećih načina: pritisnite i držite taster za resetovanje 5 sekundi ili pritisnite taster „Display“ na daljinskom upravljaču šest puta u roku od 7 sekundi. Uverite se da Wi-Fi ikonica na uređaju treperi.
3. Kliknite na „+“ u gornjem desnom uglu ekrana „Home“ ili dodirnite „Add device“ u prostoriji u kojoj nema uređaja.
4. Aplikacija će započeti pretragu obližnjih uređaja. Uverite se da je Vaš uređaj ušao u režim uparivanja, zatim dodirnite uređaj koji želite da povežete na mrežu.
5. Videćete procenat povezivanja, a nakon završetka uređaj će biti uspešno povezan na cloud.

4. Kako povezati pametne uređaje

Postoje dva načina za dodavanje uređaja.

2 – Wi-Fi režim

1. Uključite unutrašnju jedinicu i pokrenite klima uređaj.
2. Resetujte uređaj na jedan od sledećih načina: pritisnite i držite taster za resetovanje 5 sekundi ili pritisnite taster „Display“ na daljinskom upravljaču šest puta u roku od 7 sekundi. Uverite se da Wi-Fi ikonica na uređaju treperi.
3. Kliknite na „+“ u gornjem desnom uglu ekrana „Home“ ili dodirnite „Add device“ u prostoriji u kojoj nema uređaja.
4. Dodirnite ikonicu „Air conditioner (BLE+Wi-Fi)“.
5. Kliknite u gornjem desnom uglu ekrana da prebacite na Wi-Fi režim, zatim označite opciju „Confirm the indicator is blinking rapidly“ i dodirnite „Blink Slowly“.
6. Unesite lozinku za Wi-Fi mrežu na koju je povezan i vaš pametni telefon.
7. Videćete procenat povezivanja, a nakon završetka uređaj će biti uspešno povezan na cloud.

5.Kontrola pametne klime putem aplikacije

1. Ekran za kontrolu uređaja će se automatski prikazati nakon dodavanja uređaja.
2. Ekran za kontrolu uređaja možete ručno otvoriti dodirom na naziv uređaja na početnom ekranu.

Glavni kontrolni interfejs

5.Kontrola pametne klime putem aplikacije

Podešavanje režima rada

1. Dodirnite Mode da bi se prikazao ekran režima.
2. Izaberite jedan od režima: Auto / Cold / Wind / Dehumidification / Warm.
3. Dodirnite Cancel da otkazete podešavanje režima.

5.Kontrola pametne klime putem aplikacije

Podešavanje brzine ventilatora

1. Dodirnite Fan da bi se prikazao ekran za ventilator.
2. Izaberite jednu od brzina: High / Med / Low / Auto.
3. Dodirnite Cancel da otkažete izbor.

5.Kontrola pametne klime putem aplikacije

Podešavanje funkcija

1. Dodirnite Function da bi se prikazao ekran funkcija.
2. Izaberite jednu od funkcija: Sleep / Fresh / Mute / Display / Electric heating.
3. Dodirnite Cancel da otkazete podešavanje funkcije.

5.Kontrola pametne klime putem aplikacije

Dodavanje tajmera

1. Dodirnite Timer da bi se prikazao ekran za dodavanje tajmera.
2. Izaberite željeno vreme.
3. Dodirnite Done da dodate tajmer.

Timer uključen (samo kada je uređaj isključen)

Tajmer isključen (samo kada je uređaj uključen)

6.Upravljanje uređajem i deljenje

Promena imena uređaja

1. Dodirnite gornji desni ugao glavnog kontrolnog interfejsa.
2. Izaberite "Modify".
3. Unesite novo ime uređaja u prikazani dijalog.
4. Dodirnite "Save".

6. Upravljanje uređajem i deljenje

Brisanje uređaja ili ponovno povezivanje

Postoje dva načina za uklanjanje uređaja:

1 - Brisanje putem aplikacije

1. Dodirnite gornji desni ugao glavnog kontrolnog interfejsa.
2. Izaberite "Remove device".
3. Pojaviće se dijalog koji vas pita da li želite da uklonite uređaj.
4. Dodirnite "Confirm" – uređaj će biti uklonjen iz aplikacije i vraćen u stanje za resetovanje.

2. Brisanje putem tastera

1. Pritisnite taster za resetovanje duže od 5 sekundi ili pritisnite taster "Display" na daljinskom šest puta u roku od 7 sekundi da biste resetovali Wi-Fi modul – zvučnik će se oglašiti.
2. Ikona Wi-Fi na uređaju će brzo treptati. Ovo će prisilno prekinuti postojeću vezu i uređaj će morati ponovo da se upari ili poveže na mrežu.

6.Upravljanje uređajem i deljenje

Deljenje uređaja

1. Dodirnite gornji desni ugao glavnog kontrolnog interfejsa.
2. Izaberite "Share device".
3. Unesite nalog sa kojim želite da delite uređaj, a zatim dodirnite "Confirm". Osoba će primiti podešavanja za deljenje i moći će jednostavno da kontroliše uređaj putem aplikacije na svom pametnom telefonu.

7.Profil

1. Odjava

1. Dodirnite “Me”.
2. Kliknite na podešavanja u gornjem desnom uglu interfejsa.
3. Zatim možete odjaviti trenutni nalog.

2. Izmena profila

Na stranici “Me”, dodirnite personal menu da biste izmenili profilnu sliku, ime i ostale informacije o nalogu.

3. FAQ & Povratne informacije

Na stranici “Me”, dodirnite “FAQ & Feedback” meni kako biste poslali svoje povratne informacije ili pregledali često postavljana pitanja.

8. Napomene o Wi-Fi mreži

1. Važna obaveštenja

Kako biste sprečili nepotrebne probleme, imajte na umu sledeće:

- Nemojte koristiti Wi-Fi u prostorima gde bežični uređaji nisu dozvoljeni, kao što su aerodromi, medicinske ustanove itd.
- Nemojte uključivati svoj pametni telefon na opasnim mestima, kao što su benzinske pumpe, fabrike za gorivo ili hemikalije itd.
- Nemojte koristiti nekompatibilne uređaje.
- Za popravke Wi-Fi modula kontaktirajte kvalifikovanog servisera.
- Za detaljne metode povezivanja pogledajte korisnički priručnik i nemojte nasumično koristiti nekompatibilne uređaje.

2. Obaveštenja o radu aplikacije

2.1 Kvalitet kontrole preko aplikacije može biti smanjen Vašim pametnim telefonom, Wi-Fi mrežom, udaljenošću od rutera i internet konekcijom. Ponekad aplikacija možda neće raditi potpuno glatko; to nije problem samog klima uređaja.

2.2 Ako ne možete da kontrolišete klima uređaj preko pametnog telefona:

1. Proverite internet konekciju.
2. Proverite da li je uređaj uspešno povezan sa klima uređajem.
3. Ako sve prethodno radi, obrišite uređaj u aplikaciji i ponovo pratite proceduruna stranama 4. i 5.

2.3 Ako ni nakon ovoga problem nije rešen, koristite standardni daljinski upravljač i zatim se obratite korisničkom servisu.

ROOM AIR CONDITIONER **INSTALLATION MANUAL**

Please read this manual carefully
before installation.

This appliance is filled with R32.

Keep this operation manual for future reference.

Statement

Federal Communication Commission Interference Statement

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

Reorient to relocate the receiving antenna.

Increase the separation between the equipment and receiver.

Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

Consult the dealer or an experienced radio/TV technician for help.

FCC Radiation Exposure Statement

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator & your body. RF Exposure: A distance of 20cm shall be maintained between the antenna and users, and the transmitter module may not be co-located with any other transmitter or antenna.

ISED Statement

Innovation, Science and Economic Development Canada | CES-003 Compliance Label: CANICES-3(B)/NMB-3(B) This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions:

1. This device may not cause interference.

2. This device must accept any interference, including interference that may cause undesired operation of the device. This equipment complies with SED RSS-102 radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with a minimum distance of 20 cm between the radiator and any part of your body.

"Étiquette de conformité" la NMB-003 d'Innovation, Sciences et Développement économique Canada: CANICES-3(B)/NMB-3(B)

L'émetteur/récepteur exempt de licence contenu dans le présent appareil est conforme aux CNR d'Innovation, Sciences et Développement économique Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes :

1. L'appareil ne doit pas produire de brouillage;

2. L'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

Pour se conformer aux exigences de conformité CNR 102 RF exposition, une distance de séparation d'au moins 20 cm doit être maintenue entre l'antenne de cet appareil et toutes les personnes.

1.APP Download

Smart Life

1.For Android smart phone

Method1: Please scan the QR code with a browser scanner, download and install the APP.

Method2: Open the Google "Play Store" on your smart phone and search "Smart Life", download and install the APP.

2.For IOS smart phone

Method1; Please scan the R code and follow the tips to get into "AppStore", download and install the APP.

Method2: Open the Apple "AppStore" on your smart phone and search " Smart Life",download and install the APP

Note:

Please enable the permissions of Storage/Location/Camera for this APP when installing. Otherwise it will have some problems when operating.

2.Account registration

1. If you don't have any account please tap button "Log in with Password"
2. tap Upper right corner button "Register"
- 3.Enter your e-mail address, Tap the button "Get Verification Code"
4. Enter the verification code you received from e-mail.
5. Set the Password with 6-20 characters including characters and numbers.
6. Tap"Done".

3. Login account

1. Tap "LogIn"
2. Enter your registered account and password.
3. Tap "Log in" button.

If you forgot the password or you want to reset the password, operate as below:

4. Tap "Forgot password".
5. Enter your account(e-mail address) and tap button "Get Verification Code".
6. Enter the verification code received by your e-mail.
7. Set the new password and tap button "Done"

4. How to connect smart devices

There are 2 methods to add the device.

1-Bluetooth mode.

- 1.Power on the indoor unit, turn on the air conditioner, turn on Bluetooth on your phone.
2. please reset the device via the following procedures: Long press the reset button for 5s or press the remote "Display" button six times within 7s ,Please make sure that WIFI icon on device is flashing.
3. Click "+" in the upper right corner of the "Home" screen or tap "Add device" on the room which has no device.
4. APP will Searching for nearby devices. Make sure your device has entered pairing mode, Click on the device that needs to be paired with the network.
- 5.You can see the percent rate of connecting process, which will be successfully connected to the cloud later.

4. How to connect smart devices

There are 2 methods to add the device.

2-WIFI mode.

- 1.Power on the indoor unit, turn on the air conditioner.
- 2.please reset the device via the following procedures: Long press the reset button for 5s or press the remote "Display" button six times within 7s ,Please make sure that WIFI icon on device is flashing.
- 3.Click "+" in the upper right corner of the "Home" screen or tap "Add device" on the room which has no device.
- 4.Tap the "Air conditioner(BLE+Wi-Fi)" logo.
5. Click on the top right corner of the screen to switch to WIFI MODE, then check "Confirm the indicator is blinking rapidly" and tap "Blink Slowly".
6. Input the password of the Wi-Fi which the same as your smartphone connected.
- 7.You can see the percent rate of connecting process,which will be successfully connected to the cloud later.

5.Smart air conditioner APP control

- 1.The device control screen will pop up automatically after adding the device.
- 2.The device control screen will pop up manually by tapping the device name on the home screen.

The main control interface

5.Smart air conditioner APP control

Control-Mode setting

- 1.Tap Mode to pop up the Mode screen.
- 2.Select one of the mode Auto/Cold/Wind/Dehumidification/Warm.
- 3.Tap cancel to cancel the Mode setting.

Control-Select fan speed

- 1.Tap Fan to pop up the Fan screen.
- 2.Select one of the fan speed High/med/Low/Auto.
- 3.Tap cancel to cancel the selection.

Control-Function setting

- 1.Tap Function to pop up the Function screen.

Share device

1. Tap on upper right corner of the main control interface.
2. select "share device".
3. input the account you want to share. in others account number, tap on "Confirm" . The person would receive the sharing settings and easily control the device with smartphone App.

7.Profile

1. Logout

1. tap on “Me”.
2. Click on the settings in the upper right corner of the interface.
3. you could then logout the current account.

2. Modify profile information

On “Me” page, tap on the personal menu to modify the picture, name and other account information.

3. FAQ&Feedback

On “Me” page, tap on “Faq&qFeedback” menu to submit your feedback.

8.Wifi attentions

1.Important notifications To prevent unnecessary harm, please keep in mind of the following notifications Please don't use Wi-Fi where the wireless device is not allowed, such as airport, medical places and etc. Please don't turn on your smartphone in dangerous places, such as gas station, fuel or chemicals manufactures, and etc. Please don't use mismatched devices. Please find a qualified repair man to fix the Wi-Fi. Please refer to the user manual for the detailed connection methods, please don't randomly use mismatched devices.

2 Notifications:

2.1 The App control quality is affected by your smartphone, Wi-Fi network, distance with router, and internet status. Sometime it is not very smooth. It has nothing to do with air conditioner itself;

2.2 If you find it failed to control with your smartphone, please check your internet status at first, then check whether it is successfully connected with air conditioner; If these circumstances are alright, please delete the device first on your App and start the procedures all over again from the step 3.2.

2.3 If you still cannot solve the issues with the methods above, please control the Air conditioner with your normal remoter and then request for after-sale service.
